

Poster Submission (Compulsory)

NOTE:

1. Each project group is required to submit a poster for the showcase. We have uploaded the poster templates under SWS_ALL in [Files -> Template for Posters](#) for your reference. If your topic requires you to submit a video, you should also submit it to SWS_ALL. Otherwise, video submission is optional.
2. Although you may have been asked to submit your poster/video in your respective topic modules as requested by your professor, you are still required to submit your poster/video in the **SWS_ALL** module.

3. The posters/videos submitted in SWS_ALL will be made available to all students for exhibition purpose – i.e. you will be able to view posters/videos by other projects under SWS_ALL in Files → Showcase Posters (for posters) or Multimedia → Showcase Videos (for videos). You should submit your poster/video to SWS_ALL latest by **27 July 2021 (Tuesday), 2359**.
